Carolyn and Marilyn, obviously this has been an odd week.

Could we plan to talk with you next week as to next steps... we believe it would be constructive to meet at the site and talk in context about your questions. We have some thoughts as to how to proceed.

Thank you.

Ron

I have not had a response on the message below so I am sending again and hopefully to the right person this time. FYI, I am filling in for Marilyn while she is on a detail until the end of the year or so.

Thanks

Are the results for the slag/soil sampling along the Bass River in Beverly reportable concentration under the MCP and if so, has a report been prepared and submitted to the DEP?

Thanks
